

BLU MIST

HEAVY DUTY DEGREASER

BLU MIST is a concentrated heavy duty water-based degreaser. Its powerful ingredients will clean everything from painted surfaces to greasy metal parts.

BLU MIST is recommended for use in schools, restaurants, machine shops, industrial plants, food processing plants, meat packing plants, hotels, motels, automotive, truck, and bus maintenance shops. It will clean concrete floors, walls, vents, hoods, ovens, grills, chrome, stainless steel, painted woodwork, fiberglass, venetian blinds, light fixtures, machinery, equipment, white wall tires, vans and food processing equipment. Use it as a light duty parts dip, steam cleaner, and a pressure washer cleaner.

BLU MIST is formulated with new, biodegradable, environmentally friendly surfactants and contains no solvents, or acids. It has no flash point and can be used in cold or hot, hard or soft water. It can be applied with sprayers, pressure washers, by brush, rag, and in steam cleaners.

BLU MIST can be used with both high pressure and low pressure cleaning equipment.

BLU MIST removes soap scum and chemically dissolves oil and grease. It is safe for use on metal surfaces (except aluminum).

TECHNICAL DATA

Physical state	Liquid
Color	Blue
Flash Point	None
Biodegradable	Yes
PH of 1% Solution	8.5
Effective	Hard & Soft Water
Fragrance	Pleasant
Specific Gravity	NA
