

CMP

CORN MEAL POWDERED HAND SOAP

CMP is a corn meal scrubber type of powdered hand cleaner with a high percentage of pure vegetable oil soap to which has been added anhydrous lanolin. This cleaner will flow through soap dispensers with ease.

CMP Hand Soap dissolves deep-seated grease, ink, and dirt while leaving the hands soft and supple.

CMP has no harsh solvents so it will not injure or irritate the skin and it will remove anything within reason. A small amount does the job. This soap contains no minerals, such as pumice, and it will not clog the drain.

CMP is great for Printers, Mechanics, Machinists, Painters, Carpenters, Firemen, Electricians, Plumbers, Service Stations, Garages, Factories, Farmers, Pipe Fitters, Motorists, Engineers, Artists, Cement Workers, Fishermen, Gardeners, and Homeowners.

CMP is packaged in the following sizes: 1 lb, 5 lb, and 32 lb.
