

WASH & SHINE

CAR & TRUCK SHAMPOO

Wash & Shine is a highly concentrated high foaming vehicle shampoo that is economical to use and ideal for all types of finishes. Properly diluted, it removes dirt and road film quickly and safely. Effective on all vehicles!

Wash & Shine is formulated with a water softener that resists water spotting, special optical brighteners to leave a bright shiny surface, and it has a great cherry scent. It contains no harsh detergents so it will not streak or harm the car's wax finish. Wash & Shine is great for automatic and self-service car washes as well as hand use. Any way you use it, Wash & Shine leaves finishes clean and streak free.

Mix 2 gallons of Wash & Shine into 50 gallons of water, then dispense into the soap arch. For addition to the reclaim pit, add Wash & Shine until suds are visible.

For hand washing, use 1 to 2 ounces per gallon of water.
